

Institute for Medical Simulation Simulation Instructor Training

“Simulation as a Teaching Tool”

February 6 - 9, 2012

**The Medical Simulation Center
at Loma Linda University
Loma Linda, California**

Taught by Harvard faculty, this 4-day intensive immersion in healthcare simulation is specifically designed for those educators seeking to develop high quality simulation programs. It covers high level elements and concepts involved in using simulation as a teaching tool.

Drawing on the disciplines of aviation, healthcare, psychology, experiential learning, and organizational behavior, participants learn how to teach clinical, behavioral, and cognitive skills through simulation. Participants explore simulator based teaching methods applicable across the healthcare education spectrum, including undergraduate and graduate medical, nursing and allied health domains.

The daily formats vary and include simulation scenarios, lectures, small and large group discussions, and practical exercises with feedback. Ample opportunities are provided for networking and sharing experiences. Attendees join a growing community of Institute graduates who are positioned as leaders in the field.

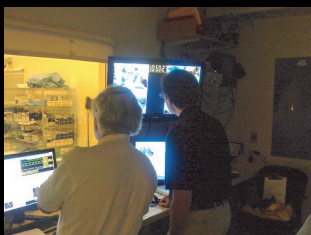

Tuition for this course is \$4,000

*To learn more about this course, or to apply, visit the Center for Medical Simulation (CMS) website’s IMS webpage at <http://www.harvardmedsim.org/ims/html>

Founded in 1993, The Center for Medical Simulation (CMS) was one of the world's first healthcare simulation centers and continues to be a global leader in the field. At CMS the focus is on communication, collaboration, and crisis management training in order to develop skills and teamwork behaviors that are best learned actively under realistic conditions. Since it first opened in 1993, CMS has trained thousands of participants in its innovative and challenging programs.

CMS' Institute for Medical Simulation evolved from research developed through a collaborative project between CMS and the Harvard-MIT Division of Health Sciences and Technology (HST) funded by a grant from the Josiah Macy, Jr. Foundation.

Institute for Medical Simulation

Simulation Instructor Training

2011-2012 Academic Year

Comprehensive Instructor Workshop in Medical Simulation

Center for Medical Simulation, Cambridge, Massachusetts

August 22-27, 2011

September 26 -October 1, 2011

October 17 - 22, 2011

November 14 - 19, 2011

March 12 - 17, 2012

April 2 - 7, 2012

April 30 - May 5, 2012

Simulation as a Teaching Tool: Simulation Instructor Workshops

Held at locations throughout the United States and the World

United States of America

Johnson County Community College, Overland Park, Kansas

Simulation Instructor Training , September 12-15, 2011

Simulation Conference September 16-17, 2011

The Medical Simulation Center at Loma Linda University, Loma Linda, California

February 6-9, 2012

Institute for Medical Simulation and Learning (IMSAL), Jacobi Medical Center, Bronx, New York

April 24 - 27, 2012

Australia-Asia

Australian Institute of Medical Simulation and Innovation (AIMSI), Sydney Australia

February 14 - 17, 2012

February 22 - 25, 2012

If you are interested in registering for, or would like more information on, the courses in Sydney, Australia please email Professor Graham Reece, Director of the Director A.I.M.S.I. Sim Centre at

Graham.Reece@wsahs.nsw.gov.au

Europe

Hospital Virtual Valdecilla, Santander Spain

June 18 - 21, 2012 Conducted in English

June 26 - 29, 2012 Conducted simultaneously in English and Spanish

If you are interested in registering for, or would like more information on, the courses in Santander, Spain please email Ignacio del Moral, MD, PhD, Director of the Hospital Virtual Valdecilla at idelmoral@me.com

The Graduate Course

Center for Medical Simulation, Cambridge, Massachusetts

The Graduate Course includes two online webinars and a four day workshop held at the Center for Medical Simulation in Cambridge, Massachusetts

Online Webinar Dates: March 29, and April 26, 2012 (4PM - 6PM EST)

Cambridge, Massachusetts Onsite Workshop Dates; May 15 - 18, 2012

DASH Webinar

Broadcast on World Wide Web from the Center for Medical Simulation, Cambridge, Massachusetts

September 7, 2011 (1PM - 5:30PM EDT)

April 11, 2012 (1PM - 5:30PM EDT)
